## “The Monument to Enduring Freedom”

*‘America’s Megaphone for Freedom’*

**Be part of this historic, grassroots, patriotic movement to keep America free.** In order for America to continue to stand as a beacon of liberty and freedom, together; we need to stand up for freedom; to speak out for freedom; to teach our children the ways of freedom; to defend freedom against its foes... and help build the Monument to Enduring Freedom! This timely and needed monument will be erected on the West Coast to act as a companion to the Statue of Liberty on the East Coast.

*Lady Liberty* and *Brother Freedom* will stand as proud sentries to American Exceptionalism. Together these two symbolic companions of Liberty *and* Freedom will highlight America’s quest to enshrine and protect ‘life, liberty, and the pursuit of happiness’ for all freedom-loving people.
